TECH SKILLS

Trello & Kanban & Confluence
MongoDB
Web Development
UX/UI
CMS (WordPress)

SOFT SKILLS

Communication & Collaboration
Adaptability & Creativity

HOBBIES

Video gaming
Graphic designing

EDUCATION

Computer Applications BBA (4.2/5)

Häme University of Applied Science, Hämeenlinna, Finland,
08.2021-Present

Studying the use of modern frameworks, web skills and technological tools to provide IT solutions.

Computational Chemist MSC (4/5)

University of Eastern Finland, Joensuu
09.2015-06.2017

Studied the use of computational tools (Gaussians, WinSCP) to model compounds and study their interactions.

WORK EXPERIENCE

Nodejs Assignment, Hame University of Applied Science

04.2023-date

- Developed a web application with my TeamMate using Node.js and MongoDB as the backend database.
- We implemented CRUD (Create, Read, Update, Delete) operations on the MongoDB using Mongoose library.

Website Manager - Deeper Life Bible Church, Finland

09.2019-date

- I have been managing the church's website using WordPress, updating content regularly and ensuring it is secure and up to date.
- Monitors the traffic on the website with Google Analytics.
- I add features i.e., plugins to enhance user experience.

Graphic Designer - Deeper Life Bible Church, Finland

09.2019-date

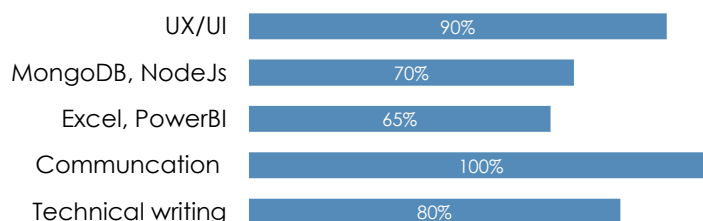

- I have been designing church booklets, fliers and posters with Adobe Photoshop, Illustrator, Figma and InDesign.
- Ensures church brand is not compromised.

Research Chemist, University of Eastern Finland, Chemistry Dept.

08.2016-06.2017

I conducted research on Computational studies on Ziegler-Natta catalysis. I analysed and documented the findings.

Dear Hiring Manager,

I am happy to apply for the position of an IT person and be part of ERP project team. Coming across this position on your website, I believe that my IT skills and experience in web development, database management, and UI/UX design make me a fitting candidate for this position.

I have acquired skill and competencies in the use several IT tools and technologies such as Web Development, CMS (WordPress) Trello & Kanban & Confluence, MongoDB, UX/UI, and database management systems like SQL and MongoDB. A competence that would greatly benefit the ERP group. My strong communication and collaboration skills are also not in doubt, and this enable me to work well with team members.

Additionally, I have some 4 years working experience as a website manager for Deeper Life Bible Church, working as a freelancer, where I continue to manage the church's website using WordPress, updating content regularly, and ensuring it is secure and up to date. I also design their booklets, fliers, and posters using Adobe Photoshop, Illustrator, Figma, and InDesign.

My teammates are I are currently working on a Node.js assignment to develop a web application using MongoDB as the backend database. We are implementing CRUD operations using the Mongoose library.

I am positive that my competences and experience side with the requirements for the position. While I am fluent in the use of the English language, I am eager to learn and improve my skills while contributing to the success of overall team.

Thank you for considering my application.

Sincerely,
Francis Boafo
